Osborne Racing Newsletter #2 – November 15, 2008

After months of mounting, polishing, adjusting and lots of money spent - the new 16c Superstock is ready to hit the track today. The motor came off the dyno last night at 10.30pm and was sitting in the hole at 2.30am Saturday morning and the team was back in the shed at 8am finishing off the bits and pieces. We are all amped to finally have it finished and we are all looking forward to the start of our season campaign.

It will be an interesting night as it is a brand new car and we all have a lot to learn.

Another huge thank you must go out to these people who have helped us in every way possible to help us get to the track:

- ★ Dean at Elite Wheel Co. for taking the public holiday off to weld up the headers!
- ★ Dave and the team at SADT, without Dave's support it wouldn't be possible to build a car from scratch
- ★ Nigel from Canterbury Hose and Hydraulics for plumbing up the power steer
- ★ Baldrick at Top End Motors
- ★ Wade Henshaw Race Engines for supplying the motor and working late most nights to get it finished
- ★ Darren and Tiny for all the long hours and effort they put into everything!!! Without their knowledge and experience, the car would not make it to the track
- ★ Mike and Bonnie for their continued support
- ★ Nick Self at Christchurch Glass for the mirror
- ★ Andrew at ASD Custom Graphics for his willingness to help us out and support us
- ★ Rodney Hern for making last minute adjustments
- ★ The 16c crew who give up their weekends and weeknights to help us out
- ★ Janette Dickenson and Blaine Blyth for the covers for the engine
- ★ Gavo for his help and support with the car and the team
- ★ Everyone who was in the shed on Saturday helping out so we could make it to the track
- ★ And to all our sponsors and supports - we cannot thank you enough for all your help and support.

We urge you to support these people as they make the sport what it is. We are stoked with the car and are very happy with the help from Scott – thank you very much for your help, it is very much appreciated!
